L’artigianalità incontra l’avanguardia tecnologica.
Noi di Penta Light progettiamo e produciamo lampade di alta qualità, dal design contemporaneo e 100% made in Italy. Nel corso di tutta la nostra storia abbiamo tradotto le idee di designer ricercati e mai scontati in oggetti in cui la bellezza formale incontra l’utilità funzionale.
In tutto quello che facciamo, ci ispiriamo all’arte dei maestri artigiani che mettono cuore, abilità e conoscenza al servizio delle loro sapienti mani. Pur rimanendo fedeli alle nostre origini, sperimentiamo nuove soluzioni e grazie allo sviluppo e all’utilizzo di tecnologia all’avanguardia arricchiamo con nuovi codici espressivi ed estetici la nostra tradizione.

Craftsmanship meets the technological vanguard.
We at Penta Light design and produce high-quality lamps, with a contemporary design which are 100% made in Italy. In the course of our history we have interpreted the ideas of sought-after and never predictable designers, transforming their vision into objects in which formal beauty meets functional utility.
In everything we do, we are inspired by the art of master craftsmen, who put their heart, skill and knowledge into the service of their skilled hands.
While remaining faithful to our origins, we experiment with new solutions and thanks to the development and use of cutting-edge technology we are able to enrich our tradition with new expressive and aesthetic codes.

CLIP

Clip è una collezione di lampade a sospensione caratterizzata da un disco sottile accoppiato a un'asola aperta, agganciata al cavo di sostegno.
Un accessorio dall'estetica contemporanea, un sofisticato gioiello da soffitto.

Clip is a collection of suspension lamps defined by a thin disc coupled with an open slot hooked to the support cable. An accessory from contemporary aesthetics, a glamorous ceiling jewel.

ENOKI

Applique che riprende forme art déco combinando una lamina di metallo a una semicupola sporgente, Enoki vive come oggetto singolo o combinata ad altri elementi simili, anche con orientamenti diversi.

Resuming shapes from art deco, this wall lamp combines a metal sheet with a protruding half-dome. Enoki can be a single design object or combined with other similar elements, assembled with different orientations.

GLIFO

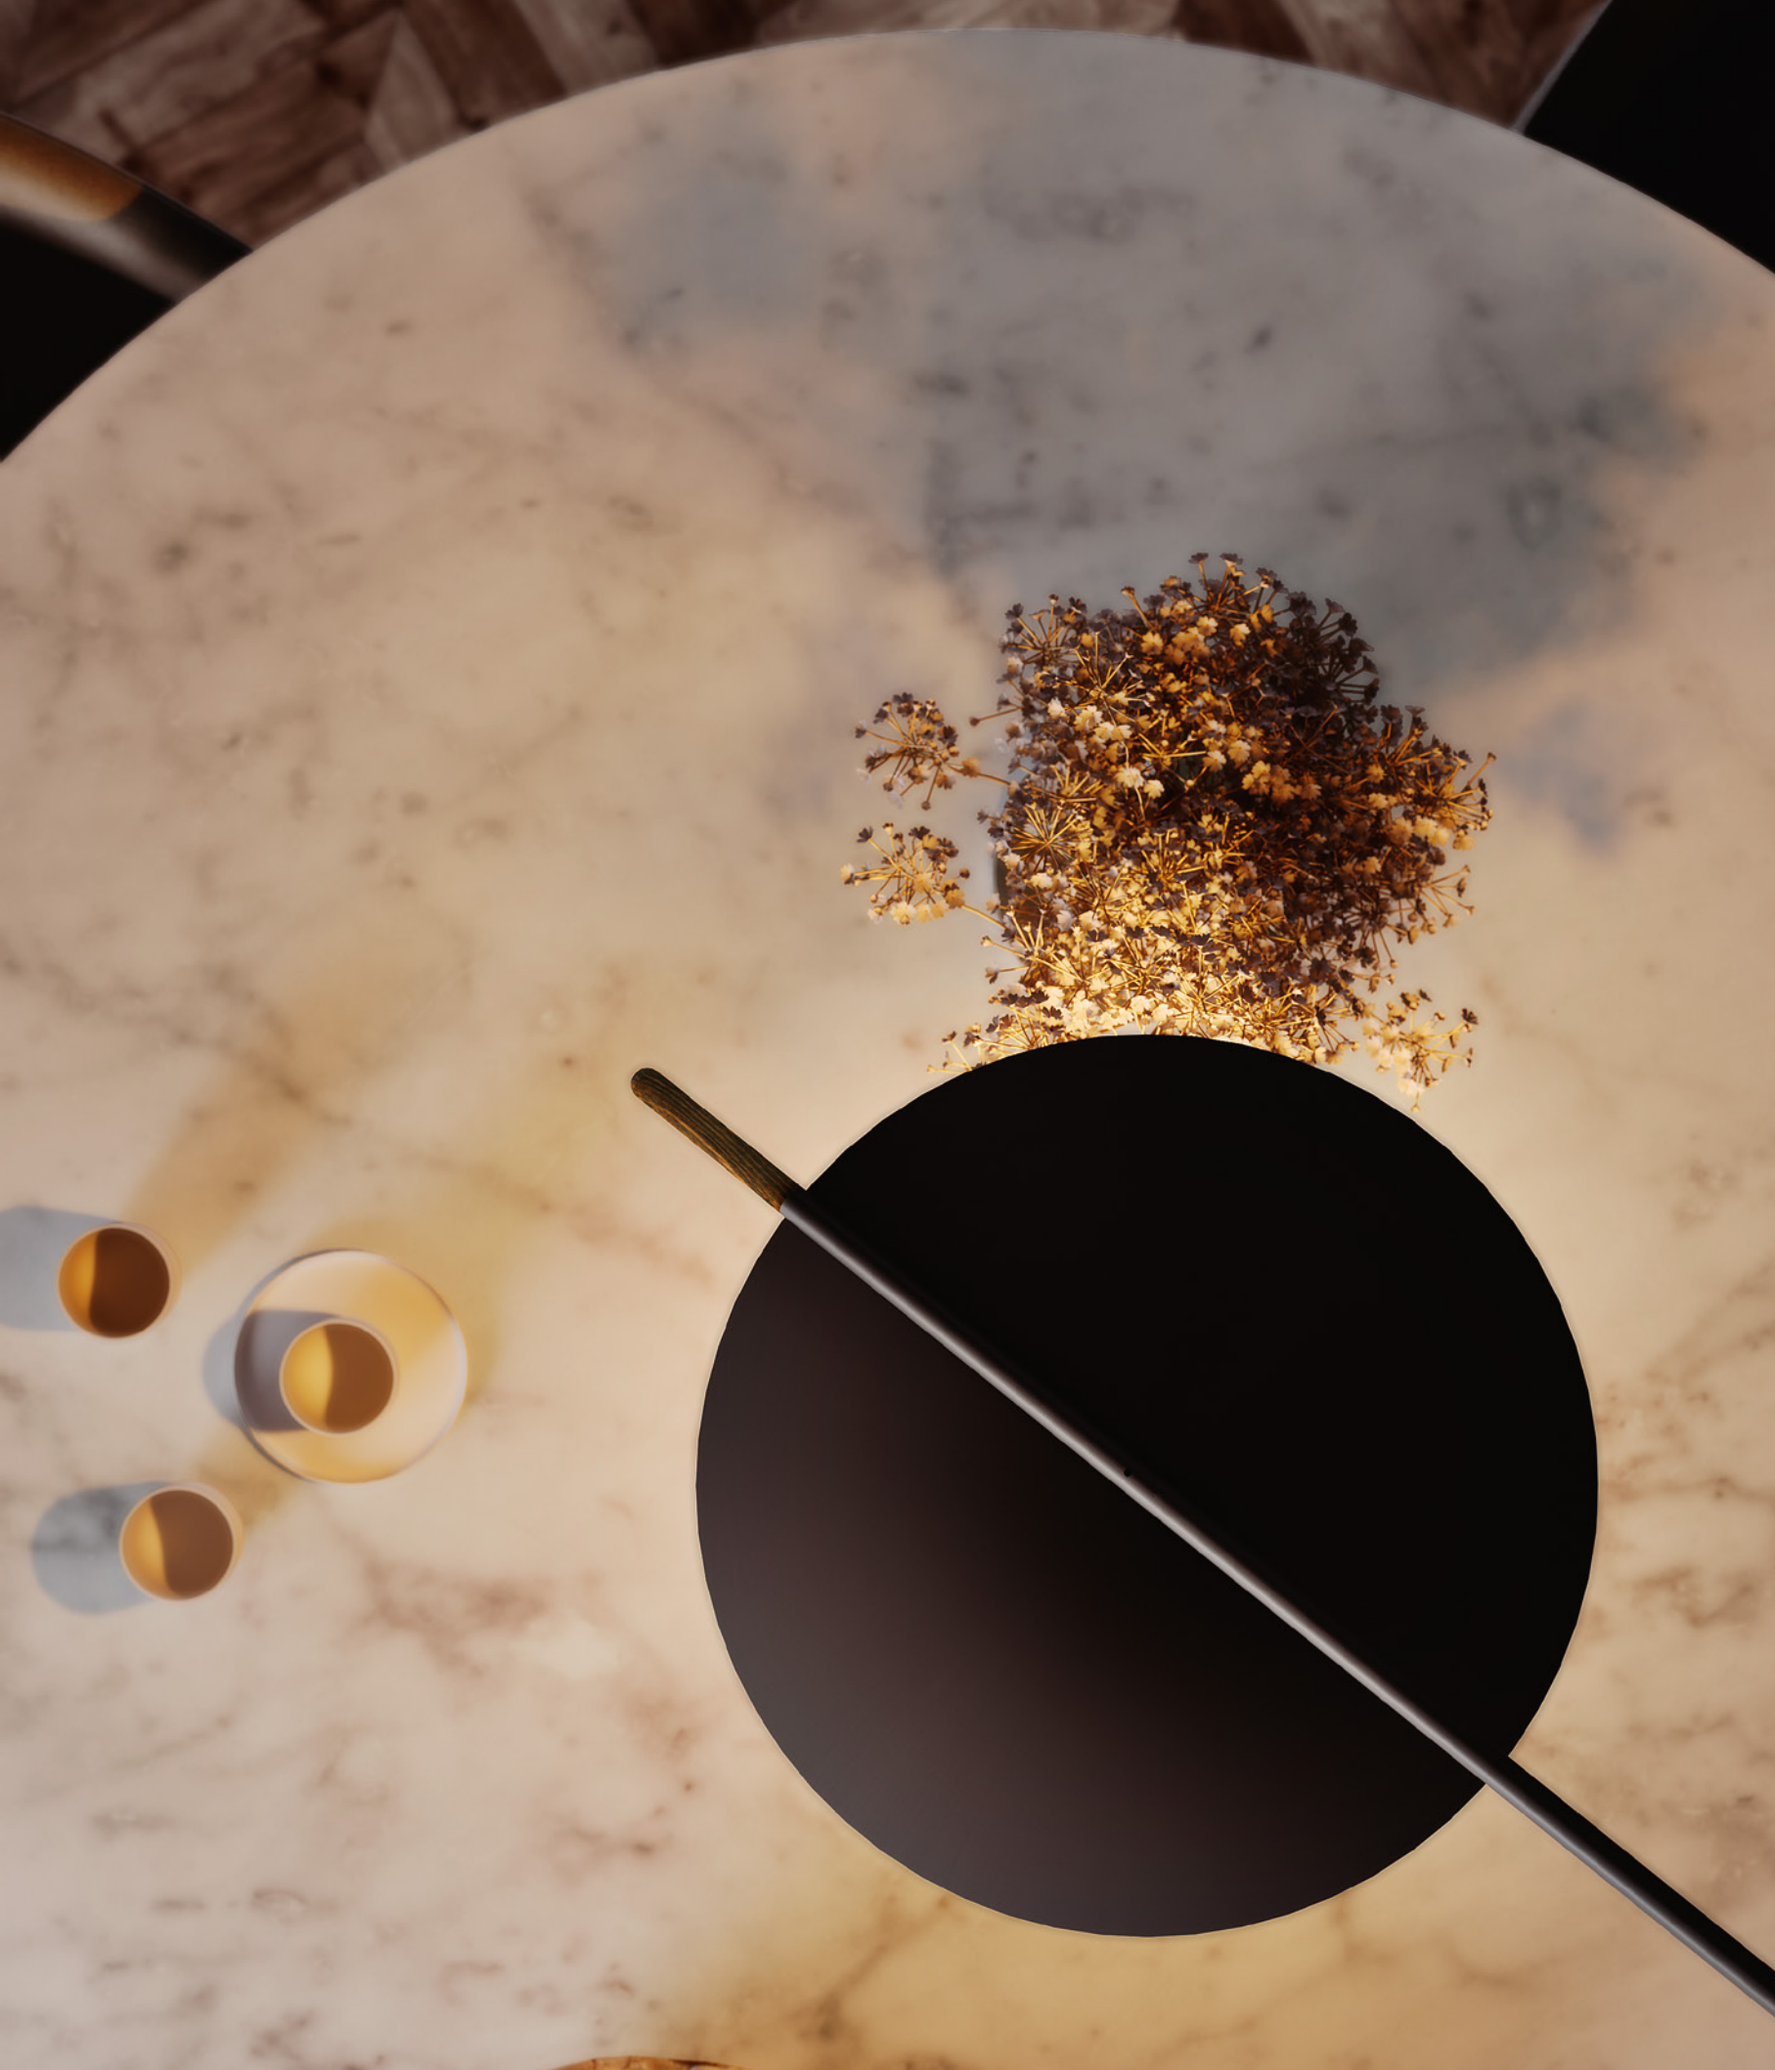

Glifo è una lampada da parete aggettante. Due linee di metallo definiscono lo spazio: un elemento verticale, fulcro della rotazione, e un elemento obliquo che circoscrive l'angolo di apertura del diffusore offrendo un punto di presa per muovere la lampada.

Glifo is a projecting wall lamp. Two metal lines define the space: a vertical element, the fulcrum of the rotation, and an oblique element that surrounds the opening angle of the lampshade, offering a point to move the lamp.

HANG OUT

Hang Out è un sistema di illuminazione a sospensione e a parete, che coniuga la funzionalità dell'architetturale all'espressività del decorativo. Una barra a doppia emissione LED si accoppia a pannelli di diverse forme e cromie, realizzati in legno in essenza, laccato, o materiale fonoassorbente.

Hang Out is a suspension and wall lighting system, which combines the functionality of the architecture with the expressiveness of the decorative. A double-emission LED bar is coupled to panels of different shapes and colors, made of wood in essence, lacquered, or sound-absorbing material.

GLO

Glo è un'icona della nostra collezione, una sfera di vetro che esalta il riverbero della luce, in un gioco di riflessioni e rimandi tra la lampada e lo spazio o fra le lampade tra loro. La ricca palette e le diverse misure della variante sospesa sono un invito alla composizione.

Glo is an icon of our collection, a glass sphere enhancing the glare of light, in a game of reflections back and forth between the lamp and the space or among the very lamps. The rich palette of colours and the different dimensions of the suspension lamps are a toast to creativity.

CLASH

Clash è un'applique che combina la leggerezza del vetro e la forza del metallo per creare un oggetto dall'estetica moderna e sofisticata, reso futuristico dalle finiture in nero opaco e bronzo spazzolato. La parte inferiore è orientabile, una caratteristica funzionale prima che estetica.

Clash is a wall lamp combining the lightness of glass and the strength of metal to create a modern and sophisticated object, with a futuristic touch given by matt black and brushed bronze finishings. The lower part is adjustable, a functional feature rather than an aesthetic one.

VELA

La semplicità ed eleganza formale della lampada nascondono il corpo illuminante. Vela, che emana una luce indiretta e raffinata, può vivere da sola o può essere combinata in gruppi di più lampade, in modo da ottenere composizioni sempre differenti.

The simplicity and formal elegance of the lamp hide the lighting fixture. Vela, which emanates an indirect and refined light, can live alone or can be combined in groups of several lamps, to obtain different compositions.

TILE

La modularità della struttura pentagonale permette di creare infiniti pattern e infinite combinazioni di colore. Il pannello, in metallo verniciato, può essere un punto luce o un correttore acustico. Nella versione più sofisticata della lampada, i pannelli con le due differenti funzioni possono essere accostati tra loro.

The modularity of the pentagonal structure allows it to create infinite patterns and infinite color combinations. The panel, in painted metal, can be a light point or an acoustic corrector. In the most sophisticated version of the lamp, panels with differing functions can be placed next to each other.

MAMI

Tra design e arte, Mamì è una collezione dall'eleganza versatile. Merito del modulo ovale in vetro soffiato bianco, reinterpretato in chiave modernista nelle configurazioni sospese e più lineare nelle varianti da tavolo e da terra.

Halfway between design and art, Mamì is a versatile and elegant collection. The white oval blown-glass body is reinterpreted with a modernist look in the suspension compositions, while remaining linear in the floor and table.

F E E L

Feel nasce dalla combinazione di dischi tessili fonoassorbenti e steli luminosi. I dischi colorati, in tinta o a contrasto tra loro, danno vita a configurazioni sempre diverse, da sospendere al soffitto per assorbire i rumori e godersi il silenzio.

Feel comes from the combination of sound absorbing textile discs and luminous stems. The coloured discs, in matching or contrasting colours, give life to ever-changing configurations, to be suspended from the ceiling in order to absorb noise and enjoy silence.

Feel

NARCISO

Come nel mito classico Narciso guarda la sua immagine riflessa nell'acqua, così il cono dell'omonima lampada si sdoppia per diffondere e riflettere la luce delicata del corpo illuminante. Omaggio alla musica la versione da tavolo, con diffusore audio bluetooth.

As in the classic myth Narciso looks at his image reflected in the water, likewise the cone of this lamp splits up to spread and reflect the delicate light of the lighting body. The table version is a tribute to music, complete with bluetooth audio speakers.

Narciso

STORM

Steli sottili in preziose finiture metalliche creano suggestive armonie di luce. Disponibile in tre misure, Storm è una lampada che vive anche da sola ma è pensata per essere usata in gruppo, negli spazi del contract come in quelli di casa.

Thin stems in precious metallic finishes create evocative harmonies of light. Available in three sizes, Storm is a lamp that can live alone but is designed to be used in groups, in public spaces as well as at home.

WONDER

La meraviglia della combinazione di più lampade Wonder di dimensioni, finiture e altezze diverse ha la stessa luminosa bellezza del vetro borosilicato con cui sono realizzate le singole canne, in finitura trasparente o fumé.

Combining more Wonder lamps in different dimensions, finishings and heights is astonishing as the luminous beauty of the borosilicate glass with which every single rod is made, in transparent or fume finishing.

MOM

Sono ispirate alla tradizione veneziana le lampade Mom, che nella forma e nelle finiture opache si rifanno ai classici vasi in vetro di Murano. Disponibili anche nella variante applique.

Mom lamps are inspired by the Venetian tradition, and refer, in the shape and opaque finishings, to the classical Murano glass vases. Also available in wall variant.

SOP

Sop è un unico e affusolato blocco di cemento chiuso all'estremità inferiore da un LED che richiama la forma e l'eleganza di un pistillo di un fiore. L'utilizzo del cemento consente un abbinamento perfetto di Sop con l'ambiente e il contesto in cui viene inserita.

Sop is a unique and tapered block of cement, that is completed at the base by an LED which is reminiscent of the shape and elegance of a flower's pistil. The use of cement allows Sop to combine perfectly with the environment and the context in which it is inserted.

ELISABETH

Un gioco astronomico di semisfere ispira la collezione Elisabeth – dalla più composta versione da tavolo alle suggestioni art déco della sospensione. Cromo lucido e marmo di Carrara impreziosiscono la pulizia formale dei volumi.

Elisabeth collection is inspired by an astronomical game of hemispheres: from the linear version of the table lamp to the suspension lamp, reminiscent of art deco. The formal cleanliness of the volumes is enriched by glossy chrome and Carrara marble.

C'HI

Un classico della nostra collezione, C'hi si riconosce dal paralume in vetro, che con le sue onde delicate disegna luci e ombre sulle pareti e nello spazio. Una famiglia completa formata da lampade a sospensione, da tavolo, da terra.

You can recognize our classic C'hi by its glass shade that, with its delicate waves, gently plays with lights and shadows on the walls and in the space.
A complete collection of suspension, table and floor.

C’hi

AA01-T-80-13
Bianco opaco / Matt white

AA18-T-80-13
Titanio / Titanium

Piastra tonda con massimo 13 fori
Round plate with max 13 fittings

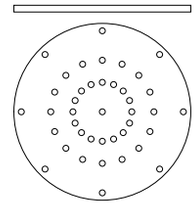

Ø100 x H5

AA01-T-100-17
Bianco opaco / Matt white

AA18-T-100-17
Titanio / Titanium

Piastra tonda con massimo 17 fori
Round plate with max 17 fittings

Ø120 x H5

AA01-T-120-41
Bianco opaco / Matt white

AA18-T-120-41
Titanio / Titanium

Piastra tonda con massimo 41 fori
Round plate with max 41 fittings

A-PIASTRE LINEARI
A-PLATES LINEAR

L92 x W14 x H5

AA01-L-92-08
Bianco opaco / Matt white

AA18-L-92-08
Titanio / Titanium

Piastra lineare con massimo 8 fori
Linear plate with max 8 fittings

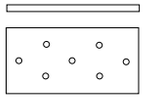

L138 x W14 x H5

AA01-L-138-08
Bianco opaco / Matt white

AA18-L-138-08
Titanio / Titanium

Piastra lineare con massimo 8 fori
Linear plate with max 8 fittings

L90 x W45 x H5

AA01-L-90-07
Bianco opaco / Matt white

AA18-L-90-07
Titanio / Titanium

Piastra rettangolare con massimo 7 fori
Rectangular plate with max 7 fittings

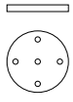

B-PIASTRE TONDE (STORM, WONDER, SOP)
B-PLATES ROUND (STORM, WONDER, SOP)

Ø30 x H5

BB01-T-30-03
Bianco opaco / Matt white

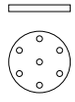

Piastra tonda con massimo 3 fori
Round plate with max 3 fittings

Ø42 x H5

BB01-T-42-05
Bianco opaco / Matt white

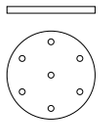

Piastra tonda con massimo 5 fori
Round plate with max 5 fittings

Ø42 x H5

BB01-T-42-07
Bianco opaco / Matt white

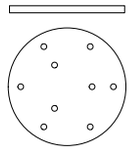

Piastra tonda con massimo 7 fori
Round plate with max 7 fittings

Ø60 x H5

CHIAVE LETTURA / KEYS

Lampadina inclusa / Bulb included

Lampadina non inclusa / Bulb not included

LED integrato / Integrated LED

Dimmer integrato su cavo o su lampada / Dimmer included on cable or lamp

Classi di isolamento / Luminaires classification

Classe I: Lampada la cui protezione contro la scarica elettrica non si basa solo sull'isolamento di base dell'apparecchio, ma su un ulteriore sistema di sicurezza che consiste nel collegamento dei componenti conduttivi accessibili a un conduttore di sicurezza (messa a terra) facente parte dell'impianto elettrico fisso.

Class I: Luminaire in which protection against electrical shocks is not just based on the basic insulation of the appliance but on an additional safety system that consists in connecting the conductive components accessible to a safety conductor (earthed) that is part of the fixed electrical system.

Classe II: Lampada la cui protezione contro la scarica elettrica non si basa solo sull'isolamento di base dell'apparecchio, ma su un ulteriore misura di sicurezza che consiste in un doppio isolamen-to rinforzato senza dispositivi per la messa a terra.

Class II: Luminaire in which protection against electrical shocks is not just based on the basic insulation but also on additional safety precautions consisting of double reinforced insulation without conductive parts to a safety conductor (earth).

Classe III: Lampada la cui protezione contro la scarica elettrica si basa su un sistema a bassissima tensione, che non viene mai superata. Una lampada di Classe III non deve mai essere fornita con la messa a terra.

Class III: Luminaire in which protection against electrical shocks is based on a safety system with a very low voltage supply, that is never exceeded. A Class III luminaire must never be provided with earthing.

La tensione s'intende 230V, 50/60HZ o 120V, 60HZ a seconda dei paesi.

Voltage: 230V, 50/60HZ or 120V, 60 HZ according to the country.

Penta si riserva il diritto di apportare ai propri modelli, senza alcun preavviso, modifiche e miglio-rie che potrebbero variare l'estetica delle soluzioni pensate.

Penta reserves the right to change, better and improve its models without notice, even if these improvements might change the aesthetic appearance of the proposed solutions.

I vetri realizzati rigorosamente a mano dal maestro vetraio rispettano le antiche e tradizionali tecniche di soffiatura. Ogni articolo è sottoposto a meticolosi controlli di qualità, pertanto appa-renti difetti come bolle o variazioni dei toni di colore del vetro, sono riconosciuti come pregi e conferma della lavorazione artigianale.

The glass is hand made and mouth-blown by the master glass blower, according to the traditio-nal blowing techniques. Each item is carefully checked, therefore apparent imperfections, such as bubbles or nuances in the glass colour, have to be recognised as merits and signs of the artisan's craftsmanship.

CHIAVE LETTURA / KEYS

Dimmerazione / Dimmable

DIMMER: apparecchio con dimmer integrato sul corpo lampada o sul cavo (push button, touch, slider control, microswitch).

DIMMER: dimmable fixture by means of a switch situated on the lamp strcture or on cable (push button, touch, slider control, microswitch).

TAGLIO DI FASE: apparecchio dimmerabile tramite dispositivo remoto adatto a gestire sorgenti dimmerabili TRIAC/IGBT, Il carico minimo del dimmer deve essere verificato, la compatibilità del dimmer deve essere verificata prima dell'installazione.

PHASE CUT: dimmable fixture via remote device suitable to manage TRIAC/IGBT dimmable sources. The minimum load of the dimmer must be verified, compatibility of the dimmer must be verified before installation.

0-10V: apparecchio dimmerabile tramite dispositivo remoto adatto a gestire driver di tipo 0-10V.

0-10V: dimmable fixture through remote device suitable to manage 0-10V drivers.

PUSH: apparecchio dimmerabile tramite pulsante remoto adatto a gestire driver di tipo push.

PUSH: dimmable fixture through remote button suitable to manage Push drivers.

DALI: apparecchio gestibile tramite dispositivo remoto adatto a gestire interfacce DALI.

DALI: lamp manageable by remote device suitable to manage DALI interfaces.

Lampade che montano lampadine LED retrofit sono dimmerabili a taglio di fase tramite pulsante remoto adatto a gestire sorgenti dimmerabili (ATTENZIONE: le lampadine LED retrofit devono essere dimmerabili).

Fixture Lamps that mount retrofit LED bulbs are phase cut dimmable by means of a remote switch able to manage dimmable sources (ATTENTION: retrofit LED bulbs must be dimmable).

Note

La maggior parte delle sorgenti LED integrate nei prodotti sono caratterizzate da un indice di resa cromatica (CRI) = 90.
Prodotti con sorgenti LED integrate caratterizzate da temperatura di colore (CCT) 2700K possono essere richiesti previa verifica tecnica e valutazione commerciale.
Tutti i corpi illuminanti possono essere venduti esclusivamente con i rosoni singoli, riportati nella pagina dei pendenti o con le piastre multiple riportate a pag. 218.
Vale altresì il viceversa: rosoni e piastre multiple non possono essere venduti separatamente dai pendenti.
Tutti gli apparecchi sono testati e garantiti nella loro interezza: pendente + rosone oppure pendente/i + piastra multipla.
Qualsiasi installazione non autorizzata non viene giudicata conforme.
I tessuti fonoassorbenti con proprietà di assorbimento sonoro, permettono di migliorare il comfort acustico dell'ambiente dove vengono installati.
Per installazioni multiple si consiglia di utilizzare lampadine con medesima temperatura di colore (CCT).
Per i dati aggiornati fare riferimento al sito www.pentalight.it

Most product-integrated LED sources have a Color Rendering Index (CRI) = 90.
Products with integrated LED sources characterized by Correlated Color Temperature (CCT) 2700K can be requested after technical verification and commercial evaluation.
All luminaires can only be sold with the single rosettes shown on the pendants page or with the multiple plates shown on page 218.
The reverse is also true: rosettes and multiple plates cannot be sold separately from pendants.
All fixture are tested and guaranteed in their entirety: pendant + rosette or pendant(s) + multiplate.
Any unauthorized installation will not be deemed compliant.
Sound-absorbing fabrics with sound-absorbing properties improve the acoustic comfort of the room where they are installed.
For multiple installations it is recommended to use bulbs with the same Correlated Color Temperature (CCT).
